

SURF – PRO

TIME SAVER SURFACE CLEANER

TECHNICAL DATA SHEET

NAME: **The HAZE BUSTER**

Code: BO-1210-5

MADE IN CANADA

1.1 PRODUCT DESCRIPTION:

The Haze Buster eliminates the residues of dried grout as well as the veil (white powder) of grout leave on the ceramic, the porcelain after the drying of this one. It removes all traces of efflorescence on the surface but especially on the grout. It will facilitate the application of the Intelligent sealer and ensure its uniformity on the grout.

1.2 USES: Inside and outside: Can be used on ceramic, glazed porcelain, slate and unpolished natural stone.

The Haze Buster will remove the haze left on the surfaces after grout drying.

1.3 RESTRICTION:

Under no circumstances should the product be in contact with metal and stainless steel. Do not empty the tray into a stainless-steel sink, empty it into the toilet. Do not use on granite and POLISHED marble. If apply on porcelain to make sure that this one is enameled because certain porcelain on the market is covered with a glazed coating (shiny effect).

1.4 GUARANTEE:

The high quality of this product is guarantee under the descriptions available on this technical data sheet and the labels. the manufacturer guarantee is limited only on the quality of the product and to the refund price of it. this product will give total satisfaction if store and utilized in conformity with the manufacturer directives.

APPLICATION PROCEDURES

2.1 Application instructions:

Wash the entire surface with water and a sponge. Then pour the contents of the haze buster (500 ml) completely into 3 to 4 liters of warm water in a tray. Wash the entire surface.

If residues seem more important let the solution work for a minute and use a nylon brush. Normally a single wash will do the trick but if traces reappear, start washing again. Rinse with clean water. Do not forget to empty your bin in the toilet and not the sink. (This product is biodegradable) On glossy and glazed surfaces, do not leave the surface too long without being rinsed with clean water.

2.2 Clean the equipment:

Clean tools, sponge and brush with water.

HEALTH PRECAUTION:

Causes burns.

Releases dangerous fumes when mixed with other products.

SAFETY MEASURES:

Do not mix with other chemicals for the home.
