**TECHNICAL DATA SHEET**  
**Passeport Elite Deck Cleaner**  
**PE700425**

**DESCRIPTION**

**Passeport Elite Deck Cleaner** is a powerful cleaner specially formulated to restore the natural color of wood that has been weathered, damaged or discolored.

Ready-to-use. No dilution is required.

Use **Passeport Elite Deck Cleaner** before applying a protector or stain: decks, fences, outdoor furniture, exterior wood and wood/plastic composites.

**ADVANTAGES**

- Ready-to-use
- Fast Action (10-15 minutes)
- Restores wood's natural color and beauty
- Removes dirt, mold, algae and fungus stains
- Easy to apply

**TECHNICAL DATA**

<b>Packaging</b>	3,78L
<b>Finish / Gloss</b>	N.A.
<b>Formula</b>	Bleaching cleaner
<b>Coloration compatibility</b>	N.A.
<b>Resin</b>	N.A.
<b>Pigment</b>	None
<b>Solvent</b>	Filtered water
<b>Coverage</b>	18.6 to 27.9 m2 (200 to 300 ft2) per 4L (depending on the condition and porosity of the wood)
<b>Drying time 20 °C (68 °F) at 50% RH* (*Relative Humidity)</b>	Do not allow product to evaporate or dry. It must be rinsed thoroughly.
<b>VOC</b>	< 0,1% (by weight)
<b>pH</b>	1.6
<b>Solids content</b>	1 ± 0.1% (by weight); 0.7% ± 0.1% (by volume)
<b>Recommended film thickness</b>	Apply generously
<b>Bonding method</b>	N.A.
<b>Cohesion process</b>	N.A.
<b>Viscosity</b>	30 seconds (Zahn cut #1)
<b>Freeze-thaw stability</b>	Protect against frost
<b>Flash point</b>	N.A.
<b>Weight per 3,78L</b>	3.79 kg (8.36 pounds)
<b>Storage</b>	Store in a cool, dry place. Protect from freezing. KEEP OUT OF REACH OF CHILDREN.
<b>Shelf Life</b>	Minimum 1 year in a tightly closed container
<b>Disposal</b>	Recycle if possible (consult local authorities)

**SURFACE PREPARATION**

Good surface preparation is essential. Surfaces to be cleaned must be perfectly dry. Always test on a small hidden area, rinse and allow to dry before using on a large surface. Some types of wood may react to the solution.

**APPLICATION**

**Do not apply if surface is hot to touch.**

To apply this product, we recommend brush, mop or a sprayer.

**Steps:**

1. Wear chemical-resistant gloves, safety glasses and protective clothing.
2. Cover the areas you wish to protect. Thoroughly water the plants and shrubs.
3. Apply between 10°C and 27°C. Do not apply on hot surfaces; the product will dry too quickly.
4. Plan the application: for horizontal surfaces, work backward to avoid stepping on treated areas. For vertical surfaces, work from the bottom to top.
5. Apply no more than 20 ft<sup>2</sup> at a time to keep the surface moist and achieve optimum results.
6. Leave on for 10-15 minutes. For best results, lightly brush the surface with a broom or stiff bristle brush.
7. Rinse the surface thoroughly with a garden hose or a pressure washer (maximum 3,400 kPa – 500 psi) to remove any residual material.
8. Repeat application if necessary.

**CLEANING**

Clean all application equipment with soap and water.

**HEALTH AND SAFETY**

For safe and correct use, read the safety data sheet before handling the product.

To the best of our knowledge, the information contained in this document is accurate. Since the conditions and methods of product application are beyond our control, no guarantee is given regarding the final result. It is the user's responsibility to test the suitability of the product on a small area before proceeding with the full application.

**\*Consult the material safety data sheet for further information. (SDS)\***
