TECHNICAL SHEET
DECK CLEANER
PE700425**DESCRIPTION**

Packaging: 4 L

Passeport Élite Deck Cleaner removes stains caused by mildew, dirt and algae. Thanks to its deep penetrating formula, this product revives the natural look of exterior wood.

Ready to use, this product requires no mixing.

RECOMMENDED SURFACES

- Wood
- Cement
- Concrete
- Stucco
- Vinyl
- Wood composite
- Brick
- Ceramic
- Paver surfaces

Always test on a small area before starting. Some wood essences can react with the solution.

Use this product outdoors only.

FEATURES

- Cleans thoroughly
- No scrubbing
- Eliminates stains and mold
- Penetrates deep into the wood
- Ready to use, without dilution
- Easy to apply
- Safe for the environment
- Biodegradable

RECOMMENDED APPLICATORS

- Garden sprayer
- Brush
- Mop

TECHNICAL SHEET

TECHNICAL SHEET DECK CLEANER PE700425

APPLICATION CONDITIONS*

Do not apply if the surface is warm to the touch.

* Refer to Drying time section of this document.

TECHNICAL DATA

Finish / gloss	N.A.
Formula	Cleaner and brightener
Colorant compatibility	N.A.
Resin	N.A.
Pigment	None
Thinner	Filtered water
Coverage	200 to 300 sq.ft. (18.6 to 27.9 m ²) per 4 L (depending on conditions)
Drying time at 20°C (68°F) at 50% HR [‡]	Do not allow the product to evaporate or dry. It should be rinsed thoroughly.
COV	N.A.
Solid content (w/w)	8.6%
Recommended film thickness	Apply generously
Adhesion method	N.A.
Agglomeration process	N.A.
Viscosity	50.4 kg/m ³
Freeze / thaw stability	Keep from freezing
Flash point	More than 93°C (200°F)
Weight per 3,78 L	4.05 kg (8.93 lb)
Waste disposal	Recycle if possible (consult local authorities)

[‡] Relative humidity.

SURFACE PREPARATION

Good surface preparation is essential. The surfaces to be cleaned must be completely dry. Always test a small hidden part, rinse and allow to dry before using this product on a large area. Generously spray all plants and vegetation that may come into contact with the product with water before and after application. Cover delicate vegetation to avoid damage. Do not allow contact with metal, fabric, flooring, or garden furniture.

TECHNICAL SHEET**TECHNICAL SHEET
DECK CLEANER
PE700425****APPLICATION**

Always water all vegetation generously before and after application. Cover delicate vegetation. Avoid contact with metal, fabrics, ground coverings and outdoor furniture. Apply generously to the surface with a brush, mop or garden sprayer. For vertical surfaces, it is important to apply from bottom to top. After 5 to 10 minutes on the surface, rinse well with water to neutralize the effect. **Do not allow the product to dry.** A second application may be necessary in some cases.

For cleaning the composite, apply liberally and gently rub the surface with a broom (a slight foam should form, otherwise apply more cleaner). Rinse, let dry, apply a second application if necessary. Slight yellowing of the composite is normal and will disappear within a few days.

CLEANUP AND STORAGE

Clean tools with soapy water immediately after use. Seal containers properly. Instructions apply to most applications. However, they may not include certain conditions, application techniques or special surfaces. If you have any questions, consult a professional or test on a small surface. The user assumes full responsibility for use in accordance with instructions from the product's technical sheet. Dispose of leftover containers at your local recycling centre.

ADDITIONAL NOTES ABOUT THIS PRODUCT

It is a clear, completely transparent finish. It is normal that it is very liquid. A foam may be present on top of the liquid and on the surface cleaned during application. It is not recommended to dilute this product. The use of this product can restore the original green color to pressure treated wood. Application of this product may cause a speckled appearance to wood previously damaged by high pressure washing. Application on new or recently sealed wood may cause staining and discoloration. May darken redwood.

WARNING

Do not mix with acid. Do not swallow. Causes burns. May release hazardous fumes when mixed with other products. Keep away from flames and sparks.

RESPONSIBILITY

The user assumes full responsibility for use in accordance with instructions from the product's technical sheet.
